PROCEDURES AND GUIDELINES

Eligibility

Any full-time undergraduate or graduate student in the College of the Arts is eligible for International Matching Travel Grants.

Awards are restricted to international travel (i.e., not within the U.S.) for invited research presentations, performances or exhibitions at significant professional meetings or events, or for travel to and from study-abroad or residency programs. A limited number of grants may be awarded for graduate student travel critical to the student's thesis work (for research, or attending significant conferences, exhibitions or performances. A proposal of this nature must include a letter of support from the student's thesis advisor.)

Applications are considered from individual students. (Groups should apply for funding through the Dean's Fund for International Experiences. Priority will be given to classes, exchanges, and workshops. Application is made by the coordinating faculty member or department chairperson.)

Amount Requested

Total awards are for up to \$750, from a combination of sources—the College (\$650) and the Department/School (\$100).

The application should include the following:
